Customers wanting a sleek portable SSD get an Adata option with the SE760, a device promising broad compatibility and high performance with a USB 3.2 Gen 2 interface allowing for speeds reaching up to 10Gbps.

Available in 256GB, 512GB and 1TB capacities, the SE760 carries 3D NAND flash and is rated to perform at sequential read/write speeds of up to 1Gbps. The brushed metal enclosure comes in black or gray, measures 122.2 x 44 x 14mm and weighs 95g. While the drive features a USB-C interface, Adata includes both USB-C to USB-C and USB-C to USB-A cables in order to ensure compatibility with any PC.

Adata adds the SE760 is compatible with PCs running on Windows, macOS and Linux. It should start shipping soon.
