

Samsung Wants Your Innovation!

Written by Bob Snyder
26 May 2010

Samsung is asking: "Are you a high-tech entrepreneur, university researcher, or technology company having trouble getting the right people at a major high-tech company to listen to you about your innovative technology? If so, then the Samsung Electronics TechQuest is for you!"

Results from a meeting with Samsung Electronics could lead to:

- technology licensing
- funding
- customer/supplier relationships
- strategic partnerships
- some other type of business relationship
